RECOMMENDATIONS

"Husni amazed me from the beginning. From traditional drawing to heavy compositing and 3D modeling this guy is truly a complete artist. With passion for the moving image he combines deep technical knowledge with creativity and completely engages in each individual project. Working with him was an honor and he would make a great add for any motion design or visual effects company."

— **Alex Epureanu-Buzera**, *Freelance Motion Designer/3D Generalist, ACHT Frankfurt / Visual Catering*, worked directly with Husni at ACHT Frankfurt GmbH & Ko. KG, Visual Catering

"Husni is an extremely talented digital artist probably one of the best that I know and also one of the friendliest. His skill and passion for digital effects is at times breathtaking and always inspiring to the rest of us. Husni is real asset to any company and I can only imagine what great things he will do in the future."

— **Kevin Lamb**, *Motion Designer, We Are VI*, worked directly with Husni at We Are VI Ltd.

"Husni is a hard working, dedicated and extremely talented Motion Designer and CGI / Visual Effects Artist. He proved a real asset to the team and never failed to deliver, constantly pushing the boundaries whatever the deadline and ensuring the production process ran smoothly. I can recommend Husni, knowing that there are few designers and production staff who can match his talent and creative flair for anything he puts his mind to."

— **Dave Freeman**, *Head of Motion Graphics, Vivid Image (WE ARE VI LTD)*, managed Husni at We Are VI Ltd.

"I've been team working with Husni for six months and in this time I could notice his deep passion and tenacity for Design and Motion Graphics. In this period he had the opportunity to demonstrate his designing skills maintaining our company website and providing our clients the best outstanding creative production in terms of Motion Graphics and 3D creations. Along the commercial production he had showed us his self-demanding production by creating graphics/animation for video experiments as well as 3D animation and a amazing sense for matching sound tracks and images.

Moreover his professional skills, his ability for team working and strength of character are reasons that make me highly recommend Husni Wahab for any creative position you may be considering him for."

— **Marcio Fabio O. Leite**, *Graphic Designer, We Are VI*, worked directly with Husni at We Are VI Ltd.

"Husni was initially my friend and an outstanding team member at Limkokwing University of Creative Technology. He was from the outset a fully committed, hard-working student in all sectors of his course work and was a valuable team member on 'Universal Project' which involved the integration and direction of students from all faculties in the design of a comprehensive project. As a friend, Husni is a standout. He is a loyal, honest, considerate, and supportive individual who has the ability to see and understand things from another person's perspective. He is a great direct communicator and knows how to raise and discuss issues and problems in a non-threatening manner. He is an outgoing, and always willing to help someone out, Husni was very popular with his fellow students. I consider him a most commendable collaborator and of exceptional value to any project or team."
